

Guohua Zhou, Ph.D.
International Consultant

Dr. Zhou is an analytical chemist with over 20 years of experience in industry and academics. He is a consultant with Spherix, providing strategic, scientific and regulatory guidance in China. Dr. Zhou also serves as a professor in Nanjing University, a professor in China Pharmaceutical University, and a professor in Nanjing Medical University.

Dr. Zhou leads a group working on molecular diagnosis and food and drug control. He has extensive experience in food additive submissions in China, including ant supplements and konjak extracts. His research interests include new technologies and genetic analysis, including SNP genotyping and gene expression, and quality study of pharmaceuticals and functional food supplements.

Dr. Zhou's memberships include standing director member of the Pharmaceutical Association in Jiangsu Province. Dr. Zhou's group obtained research funds from NSFC, Jiangsu Science & Technology Administration and China Educational Administration.

Dr. Zhou's postdoctoral training was completed at Central Research Laboratory of Hitachi from April of 1999 to December of 2001. He also worked as a visiting researcher at Central Research Laboratory of Hitachi from April of 2004 to February of 2006.
